SILIDON[®] MASSAGE THUMB

THE THERAPY
BREAKTHROUGH!

THE SILIDON® MASSAGE THUMB
ENORMOUSLY BENEFITS NOT ONLY
YOUR PATIENTS—BUT ALSO YOUR
MASSAGE TECHNIQUE.

ITS REVOLUTIONARY FORM IS THE
FRUIT OF PAINSTAKING SCIENTIFIC
DEVELOPMENT.

NOW YOU CAN REALLY FEEL WHAT
YOU DO—AND YOUR THUMBS WILL
THANK YOU AS WELL.

Surgimed AG developed this breakthrough in teamwork with the SiliDon® inventor, masseur Robert Don, and the Federal Institute of Technology (ETH) Institute for Rapid Product Development (IRPD) in Zurich. The wide-ranging applications of SiliDon® include:

Foot reflex zone massage, sports massage, classical massage, Dorn-Breuss spinal therapy, cellulitis massage, trigger-point therapy, and various other kinds of massage.

SiliDon® will revitalize your massage technique.

DISCOVER A NEW WORLD IN MASSAGE THERAPY!

BENEFITS FOR MASSAGE PATIENTS

- Pleasant sensation
- Smoother massage thanks to better pressure distribution
- No problem with hair-covered zones
- No disturbing fingernails
- Pleasant warming of the massage area

BENEFITS FOR THE MASSEUR

- Less skin friction
- Optimal pressure distribution
- Thumb protection from abrasion and injuries
- Thumb joint reinforcement
- Less massage oil required

FACTS

- The SiliDon® massage thumb is made of biocompatible material
- It can be steam-sterilized up to 140 °C
- Optimal pressure distribution
- Benefits the patient and masseur alike
- Sizes available: XS, S, M, L, XL
